SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, September 2, there being present Wm. H. Brown presiding, D. E. Blackburn, Jas T. Casey, Jos. M. Francis and John MacBain.

The petition of C. Lamb for a class B license at San Bruno was taken up.

A protest against the granting of the license, signed by John Osmero and 121 other citizens was read.

A. Baradat, in whose building Lamb desires to conduct his business, sent a communication giving the distance of his place from the public school, the Methodist church and other places that form the base of the opposition to granting the license. The petition and communication were accepted and filed.

On motion of Casey, seconded by Francis, the matter was laid over until the first October meeting.

P. P. Chamberlain, county treasurer, appeared before the board and in accordance with an act of the late legislature, offered, on behalf of the county, to purchase the San Mateo school bonds, amounting to $25,000, at par and accrued interest.

W. J. Eva, a member of the board of trustees, stated that it was the desire of the school board that the offer be accepted, since the bonds had been on the market since May5th last, and no offer had been made for them.

A resolution confirming the sale of the bonds to the county was adopted on motion of MacBain, seconded by Blackburn.

A communication was received from R. Seeney of Colma, stating that the writer had been recently bitten by a rabid dog and that he had been given the Pasteur treatment by Dr. Plymire who would later report on the matter.

Casey stated that in spite of the county ordinance dogs were still allowed to run at large in his district without muzzles. He asked that he be permitted to employ a man, at the board's discretion to kill all such dogs.

The District Attorney thought that such work should be the duty of the constables.

Casey stated that the constables would not do the work and he moved that a man be employed for one month at a salary of $50 to kill off the unmuzzled dogs. The motion was seconded by Brown and carried.

A petition signed by Bert Clark and others of Colma was received, asking that an under grade railroad crossing be provided at the junction of Market and Ninety-second streets.

The district attorney advised that maps be prepared showing the location and that the matter be properly presented to the railroad Commission.

On motion of Casey, seconded by Francis, it was ordered that such steps be taken.

One bid, that of Alfred Mattson, was received for constructing two concrete bridges on the Crystal Springs road in the First township, the bids being as follows; For bridge No. 2, $508; bridge No. 3, $455; extra concrete, $10 per cubic yard; time 20 days.

On motion of Casey, seconded by Blackburn, the contract was awarded to Mattson.

The following resolution, presented at the last regular meeting was adopted on motion of Francis, seconded by Blackburn:

"Resolved, that in view of the amount of taffic passing over Crystal Springs road from the coast to the bay side of the county, the board of trustees of the City of Hillsborough be requested to lay upon so much of such road as is within its corporate limits, a good and substantial asphaltic macadam pavement of sufficient width and quality to accommodate said traffic.

"And the board of trustees of said municipality is hereby authorized and empowered to devote to said construction sufficient moneys payable to the county out of the voluntary contribution to be made by land owners of the City of Hillsborough under an agreement by them with the county of San Mateo (which said agreement was filed with the County Clerk of San Mateo county March 28th, 1910) as might be necessary to perform such work, including all expenses properly incidental thereto.

"The construction of said road and said expenditures shall be made wholly under the direction and supervision of said board of of trustees of the City of Hillsborough.

"It is understood that said board of trustees in consideration of the foreging shall remove certain existing restrictions as to teaming and hauling now being enforced on said road, and that said road shall be used as far as possible under the same terms and conditions as govern the use of the other county highways."

H. C. Tuchsen, president of the County Development Association, called the board's attention to a provision in the county government law which permits boards of supervisors to levy a tax of two cents on each $100 of valuation for the purpose of raising money for advertising the county's resources, and urged that such a tax be levied by the board.

W. J. Martin, Geo. C. Ross, E. I. Woodman, S. M. Merk, E. E. Cunningham and J. M. Custer followed with strong speeches in favor of the tax.

MacBain moved that a tax of two cents be levied with the understanding that the board supervise the expenditure of the money. He was seconded by Casey and the motion carried.

The petition for the incorporation of San Bruno, postponed from the regular meeting a month ago, was taken up.

Petitions against the incorporation were presented by citizens of San Bruno Park, the first, third, fourth and fifth additions to San Bruno Park, Huntington Park, Belle Air Park and the South San Francisco grammar and highschool districts. In favor of incorporation wer a number of signers from the same territory.

George C. Ross and Edw. F. Fitzpatrick, representing the land owners who were opposed to being included in the proposed incorporation, stated that they would attack the legality of the petition.

Jas. T. O'Keefe, representing the proposed incorporation of San Bruno, addressed the board, claiming that the opposition could not attack the petition at this time since it had been accepted by the board.

The District Attorney was called and gave it as his opinion that the insufficiency of such petition might be attacked at any time. However he would prefer to have more time to look into the questions presented to him.

Mr. Ross held that the petition was insufficient in that the description of the district proposed to be incorprated was faulty and not in accordance with the law which provides that the boundaries "must be set forth and particularly described."

J. W. Custer and others of San Bruno spoke in favor of incorporatin and asked that the people who are the best judges be given an opportunity to vote upon the matter.

Mr. O'Keefe stated that the petitioners would be willing to eliminate certain portions of the territory included in the proposed city.

On motion of MacBain, seconded by Casey, the disputed questions were referred to the District Attorney to report upon at the next meeting.

An offer was received from the Wm. R. Staats Company of San Francisco to take 352 of the county's road bonds valued at $1000 each, at par and accrued interest.

The offer was accepted on motion of MacBain, seconded by Blackburn

A resolution was adopted on motion of MacBain, seconded by Francisco, confirming the sale of $352,000 of the county's bonds to Wm. R. Staats Company, said sale to be contingent upon the correctness of the proceedings authorizing the bond issue.

MacBain presented a bill from the A. L. Young Machinery Company, showing the purchase by him of a roller at a cost of $4137.50 on which amount he was given a credit of $850 for an old roller.

MacBain presented plans and specifications for a joint bridge across the San Francisquito creek which were adopted and the clerk will advertise for bids for constructing the bridge, should the City of Palo Alto agrees to pay half of the cost of the structure.

School Superintendent Cloud presented the following estimates from the different school districts of the amounts, in addition to the regular income, that will be required for their maintenance:

Redwood City, $4430.
Burlingame, $4000.
Halfmoon Bay, $1127.
Hillsborough, $1500.
Mirimar, $300.
South San Francisco, $1500.
San Mateo, $4000.
San Bruno Park, $1350.
Visitacion, $960.
Tobin, $600.
Millbrae, a rate of 5 cents.

District Attorney Swart approved the petition asking for the establishment of a highway lighting district comprising the Denniston voting precinct and on motion of Francis, seconded by MacBain, it was ordered that an election be called for September 23d to permit the citizens to vote on the question.

Blackburn was authorized to purchase twenty feet of 36-inch culvert pipe and install same in his district.

MacBain reported that it would cost in the neighborhood of $258 to repair one of the wooden bridges in Blackburn's district and on his motion, seconded by Blackburn, the supervisor of that district was authorized to have the work done at a cost not to exceed $300.

On motion of Francis, seconded by MacBain, the surveyor was directed to prepare plans and specifications for the road work outlined in the resolution adopted at the last regular meeting, such work to be paid for out of the sale of the county bonds.

On motion of MacBain, seconded by Casey, it was ordered that Ephriam Valasco be allowed $250 for the loss of a horse in the wreck of the county bridge in the Fifth township.

A social dance will be given at the Alhambra on the 13th instant by a number of young men of which Joe Rozo is the leader. Mullen's orchestra will supply the music. Arrangements are being made for a very pleasant evening.

PEOPLE IN REDWOOD CTIY LIKE THIS MIXTURE

Redwood City people, who have tried simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, say it is the best bowel and stomach remedy they ever used. A. D. CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

The number of textbooks distributed free this year to the school children of the state has already reached the enormous total of 1,139,578, which is two and a half times as many as were sold in the same period last year. The total for August reached 371,238, which exceeded all former records, and the total for the past two months is greater than the entire sales for last year.

THEORY VS. PRACTICE.

"The New Freedom," by Woodrow Wilson, author, has been reviewed by Woodrow Wilson: President, and severely criticied, remarks the Globe-Democrat.

In "New Freedom?" the author Woodrow Wilson rarely missed a page in which he did not reiterate his intense conviction that all the proceedings of Congress should be open to the people or lay particular emphasis upon his belief that not until the business interest of the country were brought into closer contact with congressional work could the financial and commercial problems of the times be rationally solved. Since becoming President Wilson, the views of author Wilson have been revised material in both these important particulars.

As President Wilson he has forced one Democratic House caucus to act behind closed door in the adoption of an administration tariff bill, and has already dictated that a Senate caucus should pursue the same course for a simular purpose. Still further revising "The New Freedom," he has met the attempted opposition of business interests to his plan of tariff reduction by forcing upon Congress an investigation for the uncovering of what he has been pleased to call "an insidious lobby."

But what is undoubtedly President Wilson's most trenchant criticism of the views of author Wilson's as set forth in "The New Freedom," is to be found in the action of the House Democratic caucus in the consideration of the administration banking and currency bill. It had been the general hope of the country that the administration would refrain from an attempt to draw party lines in the consideration of this question. It is not, in its essence, a party question, such as is undoubtedly the tariff question.

However, when the President summoned members of the House banking and currency committee into conference over the original draft of the Glascock-Owen bill, Mr. Mann, leader of the House Republican minority, called attention to the remarkable fact that none but Democratic members of the committee had been called to the conference. Certainly in this case there was no public reason for this display of party discrimination, It not only violated the spirit of "The New Freedom," but it ignored the fact that the Republicans, in their last National platform demanded banking and currency reform as explicitly and plainly as did the Democratic platform, which was adopted some little later.

Plainly enough, it was President Wilson's intention to make sure that no serious or vital objection to the administration measure should be raised in the conference, and he was well aware that Republicans would be more likely to take issue with him than would Democrats with office-seeking constituents.

KIDNEY

Philadelphia, Pa., June 27th, 1912.

Gentlemen:

About two years ago my physical condition was such that I considered it advisable to seek the advice of a physician.

After making a thorough examination, Dr. Clayman Campbell told me that I had a severe case of Kidney and Liver Trouble, and that I should at once take treatment for it. I told him that if my case was serious that I would immediately start taking Witter Water, as I had heard in California of its making wonderful cures for this trouble.

I ordered a case of Witter Water and began taking it. After I had drank about three cases of this water I again consulted Dr. Clayman Campbell who, after making another examination, pronounced my kidneys and liver to be in a normal condition, there being no trouble there whatever.

St. Matthew's military academy at Burlingame has opened for the fall semester with a larger attendance than usual. St. Matthew's is one of the most popular schools in the State on account of the high attainments in scholarship, the splendid military training and the ideal environment and climate. Students come not only from various states, but also from the Pacific islands and the southern republics. Likewise its graduates are to be found in distinguished positions not only on the Pacific coast but in various other places.

BELMONT NOTES.

James H. Follis, president of the San Carlos syndicate, passed away at his home in San Rafael Thursday afternoon after a short illness. The deceased was a relative of the late James A. Flood. He was 41 years of age and a native of San Francisco. The deceased was an enterprising man, belonging to several corporations and having large property interests.

Miss Elna Hansen returned the latter part of the week from her visit in Berkeley.

Mrs. Harry Lawrence spent Wednesday here visiting relatives and old acquaintances.

The Ingalls family have returned to their home in Oakland after a week's visit here at the home of Mrs. Hutchings.

The many friends of Mrs. Hill will be pleased to learn that she is recovering from her recent illness.

The Weis family left town last Saturday and will take up their residence in San Francisco in the future.

Miss Laura Emmett and Miss Helena McMann have returned from a week end visit in Santa Cruz.

The surprise party given to Mrs. Hutchings at her home last Wednesday night was a most enjoyable success. A most excellent musical program had been arranged by Mrs. Bowles and Miss Jessie Kuhn gave a splendid exhibition of the Spanish dance. Dancing was indulged in until late, when a most bountiful and appetizing menu was served.

Miss Jessie Kuhn will reopen her class in physical culture and dancing which she discontinued through the summer vacation. The class will meet at Hutchings' hall from 3 to as usual on Friday afternoon.

Miss Hazel Turner entertained a host of friends from San Francisco at Hutchings' hall last Saturday night. It was at first intended to give Miss Turner a surprise party, but as her San Francisco friends were unacquainted with the majority of her Belmont friends some omisisons were unconciously made and but few Belmont folks were present. At any rate the crowd which gathered seemed to enjoy themselves immensely and the evening appeared to pass all to quickly for them.

An election will be held in Belmont school district on the 16th instant for the purpose of getting the voice of the people regarding the issuance of bonds for $7000 for the building and equipment of a school house in San Carlos. In case the election results in favor of the bonds, the San Carlos Syndicate will present to the district a block of land suitable for a site and grounds for the school. According to the valuation of property in San Carlos the site is worth about $12,000.

Miss May Ring, who has been the guest of the Misses Gilcrest for two weeks, has returned to her home at Sheldon.

Attorney H. H. McCloskey of San Francisco, who owns a handsome residence at Salada Beach, is making extensive improvements to the place.

REFLECTIONS OF SPECTATOR AT SUPERVISORS MEETING

Ed. Times-Gazette: To spend a day with the Board of Supervisors is worth the while of every taxpayer of San Mateo county, and no man or woman should consider their duty complete until one or more visits are made. A casual observer, drawn there by force of the San Bruno incorporation movement, noticed that the chamber was crowded by well-known men and women from all parts of the county. The principal events to be acted upon were the San Bruno incorporation, and a tax levy of 2 cents on each hundred dollars for advertising purposes, to interest people to settle in the county and become home builders in what the proponents portrayed in their speeches as the paradise of the great State of California. Their speeches were quite interesting and their points well taken. They lauded the taxpayer and depricated the man who was so shallow of perceptions as to hinder the chariot of progress. Every speech made was an indirect tribute to the progressive citizens of San Bruno in their effort to do the very thing which they advocated and a thrill of joy ran through their veins as they spoke on those lines. But consistancy thou art a jewell, the door opened and joy slipped over its portal, and gloom entered as the San Bruno incorporation was called by the chairman. The very men, with one exception, who delivered the speeches on the floor and wanted the county to populate and grow were determined that when the people did come they stood ready and willing to obstruct any movement on those lines. Their object is to cripple the San Bruno project in having territory sufficient to form a municipality which they know will eclipse any endeavor in which they are interested. W. J. Martin delivered a defiance and said that his company, for he represented no one else, would not stand for the inclusion of a small tract in the heart of San Bruno because he wanted to control it, and gave as an excuse that his company wanted it for a reservoir. The absurdity is laughable to the extreme. If Mr. Martin could segregate himself as a corporation manager from the South San Francisco incorporated town and the people feel and know he was divorced, it would be the best advertisement possible for the upbuilding of this end of the county. But when he complains that he is hindered by mountains to the north and the progressive spirit of the people on the south, while he controls thousands of acres of land that is not for sale or improvement we again say consistancy thou art a jewell. Mr. Martin is always to the front asking the taxpayers of the county to contribute, but his company not a sou.

The protection of San Bruno is up to the Supervisors, give San Bruno a chance and they will advertise for its people are built on those lines.

PROGRESS.

Guild Retains Old Officers.

The annual meeting of St. Mary's Guild last Wednesday afternoon at the Guild Hall with an unusually large attendance of members. The election of officers resulted in the ratention of all of the officers of the past year, as follows, Mrs. J. E. Harris, president; Mrs. S. A. Sahlberg; first vice president; Mrs. Charles Gould, second vice president; Mrs. E. P. Heise, secretary; Mrs. Gerrge A. Kreiss, treasurer. Plans were made for an energetic winters work in the interest of the charitier of St. Peter's parish, as a portion of which a number of popular social function will be given. The first of these will be an afternoon tea to be held at the homc of Mrs. S. A. Sahlberg on Thursday afternoon of next week.

Mad Dog Attacks Citizen.

On Monday a large, white bulldog ran amuck in the Diller addition, finally attacking Louis Cassaretto, and tore his trowsers but did not scratch the flesh. The dog was shot and his head sent to the University of California for examination. A dispatch received yesterday informed Health Officer Ross that positive evidence of rabies had been found in the dog's brain. As several dogs were bitten an investigation will be made and the injured animals will be placed in restraint for observation.

LOCAL NEWS NOTES OF MENLÓ PARK

Interesting Paragraphs of Personal News Gathered About Town.

The news of the death of Martha D. Kuck at the Peninsula Hospital in Palo Alto Thursday evening came as a great shock to the people of Menlo Park who had known her since childhood. Her sudden death caused an air of sadness to permeate every corner of the village. The deceased was operated upon for appendicitis at the hospital nearly two weeks ago. The operation was apparently successful, but last Tuesday complications set in and as a matter of last resort a second operation was performed on Thursday afternoon. She passed away a few hours later. Miss Kuck was born in Menlo Park 31 years ago and was the youngest daughter of Martin Kuck and sister of Miss Bertha and Matilda Kuck. The deceased was an artist of much ability. She was a graduate of the high school at Redwood City and the Hopkins Art school of San Francisco. She taught at the latter institution for some time after her graduation. Before she became ill she was a teacher of art at a private institution at Palo Alto and in the high school at Santa Cruz. She at one time taught at Burlingame. Miss Kuck was popular with all and endeared by her friends for her sincerity and gentleness of manner. She was a young lady of high character and high ideals. Her family has the sincere sympathy of the community in its sad bereavement. The funeral will take place tomorrow, Sunday. The remains will be placed on the 12:21 o'clock train and the interment will be in Cypress Lawn cemetery and the body will be laid beside the remains of the mother of the deceased.

Mr. and Mrs. H. D. Sturm, nee Margaret Pomber, and two children, of San Francisco, are the guests of the Misses Casey.

The parochial school opened last Monday with an increased attendance. Over 100 children are now attending the institution.

Mrs. John Bracesco slipped and fell at her home on Santa Cruz avenue last Tuesday and suffered some internal injuries that have confined her to her rooms ever since.

Saturday was the scene of a tennis tournament held on the courts of the Joseph A. Donohoe home at Menlo Park. A number of young people from San Francisco, Burlingame and Atherton took part.

With a hurrah and a bang! The greatest first night at a fair ever known in Menlo. One of the 'oldest inhabitant' for the first time in years failed to get reminiscent. With tear dimmed eye, faltering voice and the attitude of one finally forced to submit to the inevitable, he admitted to his cronies, "they certainly know how to do things nowadays." Menlo Park is surely attracting attention. Really it was so, too. The crowd was there early and came in with a rush when the doors opened. Buy! They threw the money at the booths. Those in charge voted the evening a financial success but otherwise a bore. They hadn't a chance to try their persuasive charm on any one. They were kept busy counting change from start to close. Saturday will be the day. Children's day and food sale combined in the afternoon. Big carnival in the evening.

Rev. and Mrs. A. B. Chinn are receiving congratulations of their friends on the birth of a daughter. This is the second child in the family, the elder being a son. Mrs. Chinn was fornally Miss Natnie Van Wyck, a doughter of Mrs. Sidney Van Wyck of San Francisco. Rev. Mr. Chinn was for several years rector of the Episcopal church here from which place he recently resigned to become assistant to Rev. Mr. Copeland in New Orleans. Mrs. Chinn is visiting her mother, Mrs. S. M. Van Wyck Sr., in her home in Webster street, San Francisco.

Mrs. M. E. Selzer returned from her trip east on Tuesday having been absent for three weeks. She enjoyed her travel very much in the south seeing many interesting places and wonderful sights, Mrs. Selzer is an enthuiastic native daughter and her enthusiasm suffered no diminution by what she had seen in other states, she still thinks that California has no equal and is glad to get back to the even temperture and balmy breezes of California.

Stanley Thomson returned last Saturday from the Orient where he spent three months. He lingered quite a while at Minila where he became well acquainted. He returns to enter Stanford. He registered at the institution last Tuesday. His major will be law and being a hard student and having a fine legal mind he is certain to be successful in the noble profession he has chosen to be his life work.

The Bear Gulch Water Company is engaged this week in removing its smaller pipes from the State highway and replacing them where it will not be necessary to disturb the highway in in case they should have to be repaired. The engineers exacted this of the company.

Miss Elena Eyre was the motif of a pleasant party given in her honor by her aunt, Miss Mary Eyre, at the home of the young lady's parents, Mr. and Mrs. P. Eyre, at Atherton, Monday evening. The occasion was the 16th birthday of Miss Eyre. The beautiful grounds were radiant with Chinese lanterns and the exterior of the residence was a veritable bower of beauty. The costumes worn by the guests were pretty and costly. Miss Eyre was the picture of loveliness and was much admired by the seventy guests present, many of whom came from San Francisco and Oakland. The young lady will make her debut this winter. Her coming-out will be an event of the season.

MUCH MORE STREET WORK IS PLANNED

City Council Approves Plan for Extensive Improvement Work for Redwood Highlands

That the trustees are determined that there shall be no unnecessary halt in the campaign of street improvement until the entire city is provided with improved streets, was made evident at the meeting of the city council last Tuesday evening, when the first preliminary step for the formation of another extensive improvement district was ordered. The new district, which it is hoped to have ready for work early next spring, will be that portion of the city west of the County Road and south of Jefferson avenue. At the suggestion of Chairman Merrill, the Superintendent of streets was instructed to make a general inspection of this section and present at the next meeting an outline of the territory to be included in the district, in which it is proposed to lay concrete sidewalks and curbs and to pave the roadways with oil macadam.

Following this order of the council a communication from the George H. Irving company announced that extensive additional improvements of a similar character were to be made in Redwood Highlands, or what has formerly been known as Dingee Park. The present owners of this property stated in their communication that it was their intention to construct concrete sidewalks and curbs and to install an up-to-date oiled macadam pavement in all streets of that popular subdivision which have not been already improved and asked that Street Superintendent Dickey be directed to take general supervision of the work, that it may be done in accordance with the latest city requirements. It is understood that work on this improvement is to be commenced as soon as contracts can be let.

It was decided to urge upon the members of the board of supervisors the necessity of including the improvement of the County Road within the city limits in the first work to be done by the county under the recent good roads bond issue, and at the same time to complete the work of the county by extending the pavement for the full width of the street. That there might be no occasion for delay in this work, the Street Superintendent was directed to submit a report at the next meeting detailing any preliminary work required, such as the installation of water and sewer mains and the construction of curbs. If possible the improvement work to be completed by the city will be done at the same time as the county work.

For the laying of the sewers in the district included under resolution of intention No. 5, bids for which were opened at this meeting, there was some little competition and a considerable difference in the figures submitted. The bids were submitted as follows:

E. J. Gallagher—8-inch sewers, 63 cents per foot; 4-inch sewers, 42 cents per foot; wyes, $1.25 each; manholes, $25 each; lampholes, $5 each. Chambers & Heafey—8-inch sewers, 49 cents per foot; 4-inch sewers, 35 cents per foot; wyes, 75 cents each; manholes, $17.50 each; lampholes, $3 each. Church & Clark—8-inch sewers, 47 cents per foot; 4-inch sewers, 37 cents per foot; wyes, 60 cents each; manholes, $30 each; lampholes, $5 each. The contract was awarded to Chambers & Heafey, whose bid totaled something over $600 less than the next lowest competitor, although totaling a little over $14,300.

The council decided to take a membership in the Tourist Association of the Bay counties, believing it to be a practicable publicity promotion, and suggested the name of Curran Clark as local representative.

At the suggestion of Trustee Hynding, Trustee Deleau was named as the city's delegate to the annual session of the League of California Municipalities which meets at Vence in October.

Osborne & Kidd, the expert accountants, reported that they had completed an examination of the books of the city officials and that all had been found correct.

The ordinance fixing the auunal expense budget, which was introduced and discussed at the last meeting, was given its last reading and adopted.

City Attorney Mansfield reported that he was making good progress in the preparation of a traffic ordinance. That the city may have the best possible law, the attorney has procured copies of the ordinances of a number of cities and is making a careful study of each.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

The Congregational Ohabai Shalome, a religious corporation, has petitioned the superior court for permission to mortgage its property at Colma, consisting of 10 acres, for $8,000 to the Hibernia Bank. The interest to be 5 3-4 per cent per annum, and the mortgage to run for a year.

New Actions in Superior Court.

Caleb Coakley has brought suit in the superior court for an interlocutory decree of divorce from his wife, Bessie Coakley, on the ground of cruelty. The couple were married at the Sequoia hotel in this city with great eclat on August 2d last by Judge Pitcher of Halfmoon Bay. All the justices of the county were present, and the honor of uniting the couple was given to Mr. Pitcher, he being the oldest judge in the county. A champagne dinner followed, at which speeches were made lauding the beautiful bride and praising the manly qualities of the blushing groom. Coakley in his complaint filed Thursday alleges "That ever since the said marriage said defendant has been guilty of extreme cruelty towards the plaintiff by the wrongful infliction of great mental suffering on plaintiff, and other acts causing him to suffer mental anguish."

District Attorney Swart has been requested to prepare for an election in Burlingame school district for the issuance of bonds in the sum of $20,000, for the erection of a school building in that city. A strong effort is being made in Burlingame to secure a school house east of the Southern Pacific railroad.

Dr. J. L. Ross and family had a pleasant visit Sunday from Rev. Father Childs of Kealakekua of the Island of Hawaii. Father Childs is a warm friend of young Dr. Harvey Ross' who is practicing medicine on that island.

HIGH SCHOOL PROGRAM FOR ADMISSION DAY

The legislature of 1911, through the efforts of Senator Holohan, repealed the law that made Admission day, Labor day and various other days legal holidays. This was done on the ground that the list of holidays has been unduly extended, and a good deal of valuable time was being wasted that might better be applied to education of the children

Believing that Admission day should be observed, provision has been made for a program of exercises at the high school on Tuesday, September 9th at 2:05 p. m., consisting of talks, essays and music.

The following subjects will receive attention:

1. Life in Early Mining Days.
2. A Senator of the Fifties.
3. California's First Governor.
4. California as related to National Progress.

The parents are invited to be present, also any officials or members of the Native Sons or Native Daughters.

S. P. McCREA, Principal.

History at the Bell.

Next weeks program at the Bell Theater will include another splendid historical production, one which should appeal strongly to every true American, and is especially of interest to the younger generation as an instructor in patriotic sentiment. For Wednesday and Thursday evenings Manager Nathhorst has secured the great Kalem three-reel portrayal of the historic battle of the Shenandoah, one of the great historic events of the days of the civil war. The program for Sunday will also be an unusally strong one, with a splendid moral lesson. For Monday and Tnesday the program will include a fine two-reel Pathe play "The Miner's Destiny," which tells a splendid story of the struggles of a man to clear himself of a wrongful accusation of crime. Popular prices will be the rule all week.

Engagement Announced.

The engagement is announced of Ralph Dodge of this city and Miss Amy Harlow of Oakland. The betrothal cards were received here this week by the friends of the young couple. No date has been set for the wedding, but no doubt it will be an autumn event. Mr. Dodge departed last Saturday for Kansas on a three weeks' vacation to visit the former home of his father and spend some time with his sister, Mrs. Spoolman of that state. Mr. Dodge is employed by the Southern Pacific Company at San Francisco. He is an exemplary young man, worthy of the young woman he is soon to make his bride.

THE EXPERT SPECIALISTS
FROM THE
California Electro Medical Institute
Of SAN FRANCISCO, Cal.

will pay their first visit to Redwood and will be at the Hotel Sequoia Friday and Saturday, September 12th and 13th

TWO DAYS ONLY

During this first visit, to introduce their new system they will give consultation, examination and all treatment needed to effect a cure

ABSOLUTELY FREE

It is very seldom that a community so situated as the one in which welive has the privilege of consulting such renowned specialists, who are in constant attendance to wait on you, diagnose your case, give you the benefit of their knowledge. There is no experimenting or guess work. You will be told whether you can be cured or not. If your case is curable they will treat you; if incurable they will give you such advice as to prolong your life.

They treat deafness by an entirely new method, and hearing is restored to many at once CATTARS in all its varied forms cured so it will never return, by breaking up the cold catching tendency by the electrical absorption of medicine. If you have weak lungs of consumption do not fail to be examined.

The new discovery of absorbing loss of manly vigor, rheumatism and medicine by electricity in paralysis, medicine by electricity in paralysis, loss of manly vigor, rheumatism and all diseases of the nervous system, including EPILEPSY, is a Godsend to suffering humanity. Medical men stand amazed at the marvelous cures that are being effected wherever this system is being introduced. Thousands who have given up all hopes of ever being cured now have an opportunity of a lifetime to consult doctors of national reputation. Remember, their knowledge of medicine combined with electricity gives them control of diseases that others do not possess. If you have WEAK EYES, come and see the greatest AMERICAN and EUROPEAN OCULIST. He with his remarkable discovery cures many afflicted with failing eyesights, cataracts or functional blindness. No experiments. Come and test it for yourself. Eyes expertly tested and treated. He straightens cross eyes by electrical treatments. No knife no pain. This is done by their new system.

Don't fail to call on these eminent specialists, as a visit costs you nothing and may save your life.

If you suspect kidney trouble, bring a two-ounce vial of your urine for chemical and microscopic analysis.

RUPTURE in its different forms positively cured by their scientific fittings and treatments.

NOTICE—Morphine, cocaine, laudanum, opium, tobacco and liquor habits cured in a short time.

N. B.—CANCERS, TUMORS, ULCERS, all blood, skin and scalp diseases treated by their new method. Piles cured in five or ten days without the knife. They make a specialty of diseases piculiar to either sex and cure where others fail.

Remember this liberal offer is for this first trip only. Also a positive guarantee to cure will be given to all patients that they accept on this, their advertising trip.

NOTICE—Minors without their Fathers will positively not be admitted to consultation.
